We would like to thank the South School faculty, administration, and student body for their assistance in the production of the 1970 Sis Boom. We would especially like to extend our gratitude to Mr. Ekelof for his understanding and Miss Mauch, journalism adviser, for her guidance. A "thank-you" goes to Mr. Briegel of Werkema Studio who aided us in the developing of pictures. We also thank Mr. Figg from the American Yearbook Company who instructed and advised us in modern techniques of yearbook production.

The yearbook staff and editors hope that you, South School, have enjoyed this presentation of South School life. For those students leaving are memories of a changing year; yet, to those students who remain comes the anticipation of what lies ahead. May those years be as rewarding as this year, and may the memories be as fond.
